I've got a Asus G53g-u11a and since there aren't any drivers for the webcam I'm trying to install CyanogenMod 10.1 for my device. I've been trying to install the latest ROM and have been screwing up the CM10.1 installation. I've downloaded the ROM for my device on my PC and I've also downloaded the tutorials and guide for this very specific device. I've tried following these instructions and found that I'm missing a guide for my device. First off, I've tried to find a guide for installing TWRP on this specific device but I've only been able

What's New Version 2.11.0: - Now you can "turn on" Chat to Speech when you're on-board to a new device. - Now you can turn Chat to Speech on and off from our Settings menu. - Major bug fixes Ratings and Reviews Rating details 4.3 out of 5 23 Ratings 23 Ratings BessyW , 01/12/2014 Not what it should be I have been using an Android phone for a long time and have never had a problem with reading a conversation when I was a missing link. About a year ago, I switched to Windows 8 and after a while, I noticed that Skype's Chat to Speech is no longer working for me. I have been trying to work it back up and nothing works. All I get is a black screen. I would like to get back to the old version of Chat to Speech. Please help. bessyw, 01/18/2014 This is the one and only problem on the two Windows 10 devices I have. A friend helped me to install Microsoft FIX it and right now it is working fine. I hope Microsoft fix this! If you have the same problem, just click on the FIX it link right below the description to fix it. bessyw, 01/18/2014 This is the one and only problem on the two Windows 10 devices I have.
