It has been developed by a master of memory for a great purpose: memorization. The memorization man allows you to remember all of the things for you're not to forget. At the same time, it also helps you to remember things quickly and easily. The memorization man combines a simple and easy to use interface with practical and effective tools. It has simple tasks to help you to make your memory much better. - Listen to your memorization audio - Listen to your memorization text - Find out what you have memorized - Listen to your memorization text again - Earn bonus points for completing the tasks - Keep track of your memory improvement - Earn more bonus points It is very simple to use. Just listen to your memorization audio or memorization text. - Listen to your memorization audio - Listen to your memorization text - Read the memorization text again - Earn bonus points for completing the tasks - Keep track of your memory improvement - Earn more bonus points It is very simple to use. The app will automatically change the audio from one language to another. It is possible to listen without any interruptions. It is highly recommended to listen to the sound when you are bored at the bus stop. It is very effective for listening to speech. It also works for memorizing words. It is very easy to use. The app will automatically change the audio from one language to another. The memorization text is read over the audio. It is very easy to memorize and fast. It also teaches your head on languages. Instructions: 1. Open the app. 2. Choose the language. 3. Choose the language for the text. 4. Start listening to the text. 5. When you are done reading the text, click the "Stop" button. 6. Choose the one you want to memorize. 7. Listen to the text. 8. Click the "Start" button. The memorization text will be automatically changed. The app will use your ear to change the audio to the language. There are no timer, and no alarm. The audio will change according to the phrases you give. If you have any queries, please contact us at mobinsk@gmail.com. This is the first version of my application and it is designed to meet all your requirements. If you want me to improve, please let me know. This app is completely free, but it does take an average of 5 min for the first phrase to learn. This time will be a matter of experience, as you can learn it in advance. If you have any questions, feel free to contact me! This app contains 6 textbooks of English, French, Russian (Dmitriev), Chinese, Spanish and Arabic. The phrases in each phrase have been translated into the local language of your country. The phrase can be learnt by tapping on the phrase. If you tap on the phrase, it will come up with the phrase that has been translated into the language specified. You can choose how long the phrase is to be read by tapping on the "Time to Read" button. This allows you to set the phrase as a favorite and read it later when you don't want to tap into the app directly. You can read the phrase on your favorite language again without tapping into the app straight away. As long as you don't tap into the app or tap the phrase, it will do the rest If you tap the phrase, it will appear with the phrase translated in the language specified. Other results It was a phrase that is not used in the language. "If it wasn't for the phrase at the end, I wouldn't have been so pleased." - If it wasn't for the phrase I wouldn't have been so pleased. "It is a phrase I'm sure you've heard before." - It is a phrase I'm sure I've heard before." "Don't know what I'm about to say, " it's a phrase I've heard before. "If I don't know what I'm about to say, " it's a phrase I've heard before. If I don't know what to say, " it's a phrase I've heard before. Don't take it from me, I'm not saying that we need to ignore all rivalries, but we can't just ignore the fact that there are conflicts amongst us that we can't ignore." I'm not saying that we shouldn't consider the rivalries among us, but can't we just ignore the fact that there are conflicts among us that we
