
Full Version Of Tornado Jockey

is a budget release from casual game developer WildTangent that allows gamers to control one of nature's most powerful creations. Another version of the famous masterpiece from HDFuture Entertainment, in which you have to fight against the mighty horrors of the whole world. Imagine a huge ocean, into which the waters of all known rivers flow, and ordinary human feces go to its bottom. Scientists, instead of looking for truth in this ocean, try to explore it experimentally in their attempts. And only a real hero can overcome this huge distance and get to the truth.
