In a world where energy controls everything, humanity depends on the knights that keep the peace, or fail to do so, for their daily bread. It is a world of battle where crystal knights and monsters roam freely. You are one of these knights. A special chosen One. Were you able to survive the harsh battle? Check your formation [Physical Feature] ■Create Your Own Character The character will be created differently according to his class, and this is reflected in the class skills of your character. ■Completely Relevant Gameplay Adding various values to the combat scenario and making gameplay more relevant, the Dynasty Warriors series will evolve into a new title. ■More to Experience The new freedom of action, new characters and gameplay experiences that have been lacking in previous titles will make the DYNASTY WARRIORS 9 Empires experience more fun to play. ■Multitude of Battles in Clear and Compelling Background In addition to the new characters, the new campaign will also feature a whole new battlefield created with new backgrounds. ■The Dynamic Battle Actions and All the Characters For the first time in the series, sword fighting will be an important element for characters in the game. ■Stage Presentations Animation effects will be integrated into the battles and the battles will also be seen through the eyes of the characters. ■Molasses Controlling the Dungeon for You to Battle That's right, molasses has been in the game. Molasses in the game is a new concept that you will never have encountered before. [Story] ■The Characters of the Empire A new wave of characters will be born, performing a part in the Grand Campaign called "The War With the Empire". ■A Grand Campaign The main story of the Empires is to make you travel around the world, and have you experience the wide spectrum of battles that are to be fought. ■Scenarios and Maps [Destiny War Maps] The same scenario will now be played multiple times using different battle formations, and this map plays a vital role in that regard. [New Scenarios] You will have to work on a new campaign, where you have to work through all the stages of the story of the Empires while trying to resolve all of the map scenarios. □Conquest Campaign□ The strategy of the campaign maps will be entirely different from previous titles, and will have you to take on the stage with the stage layout of the maps set to be changed

What's new in DYNASTY WARRIORS 9 Empires - School Gymnasium:

This picture is targeted for the archvile fans of the series Empires, and not only because our know every you asked us to build a small size gym in our school This scenery has been made for education purposes with the intention to improve on the generation of 3d models used for regional buildings. The main purpose is to show how we can improve into better 3d modelling for our future job projects. i havn't worked on a game or a competition. this scenery is a flocking game. the purpose is only to learn how to build a spectator 3d match with 3d models in mind, maybe to attempt in losing a tournament or semi final match. this scenery is targetted for high school age kids so it's very easy to build. ENJOY! ENJOY!! Have a look around for up to date project files here
