Character Creation • Character Part of the story is about the actions of the various characters in the world. To share the world of the game with others, a character other than yourself has to be created. • Appearance Shape the appearance of your character to become its unique character. • Weapon By equipping a weapon, you can add your character's fighting style. For example, if you equip your character with a mace, it will strengthen the physical capabilities of your character, but if you use a bow, it will strengthen the magical capabilities. • Enchantment Equip magic to increase the damage or buff the defense of your character. • Skill Select your character's skills, such as elemental magic, physical strength, or magic. Each skill can be learned through leveling up. Learn the more powerful skills to better defeat monsters. Equip your character by using a combination of the above, and level up your character by increasing in power. Through a combination of the items and skills you obtain, you can increase your own and your companion's ability. When you are ready, the stage is waiting for your adventure in the world of Elden Ring.

Interactive Action The action is shared in a very interactive way, just like TV. When you equip a weapon, you can use it against monsters. And when you equip a weapon, you can increase your character's fighting ability by improving its stats. Master your sword and combine your weapon with a variety of skills, then become the ultimate deadly fighter. In addition, the action of the game is enriched with events such as practical jokes,

firework displays, and competitions. Community
