Immortus Temporus is an abstract game where speedrunners use their reflexes to avoid obstacles and timing-based traps as they struggle to collect six keys to complete the level, using the environment as a toolbox. Each level is a remix of puzzle-oriented challenges.All hands are on deck, and the one-armed crew of the USS Orion is on the move. Tomorrow marks the release of Her: An Ars Republic review, an exploration into the inner workings of an all-female team running an all-female sci-fi-inspired MMO. So why this week is getting a slight leak of some more gameplay? Her is still a very new game, one that has currently been tested by just over 5,000 people. But the developers are preparing a detailed set of World Test Chambers to try out a few more changes (such as crafting) ahead of the full launch. A new trailer has now been released, showing off some of the new features still being tested. The footage is brief and low on action, but it's still impressive just how much effort and polish the devs put into the genre-bending MMO. Her will be out on PlayStation 4 and Xbox One on May 17. Game Informer has more details on the game in our cover story.FILE – In this March 9, 2016 file photo, Sen. Scott Van Duzer, R-Napoleon, speaks to supporters during an election night party for his congressional run in Napoleon, Neb. Van Duzer was arrested last week on drunken driving charges, the first time an Omaha mayor was pulled over with blood alcohol above.15. (AP Photo/Nati Harnik) We've all seen these before, but this is the first time one of the "leaders" of the Senate has been arrested for allegedly DUI. Scott Van Duzer (R-NE) was arrested for drunk driving this past weekend. Omaha Police arrested Van Duzer on Sunday morning after he crashed into the back of a Ford F-150 while the driver was stopped at the intersection of 25th and Maple. In his first press release after getting back to the Lincoln hotel, Van Duzer said he had been with friends in Silver Creek and returned to the hotel at 1:20 a.m. where he drank beer with friends. The police report states Van Duzer was nearly twice the legal limit for blood alcohol, which is.15. This is not the first time an Omaha mayor

A 3D simulation of flying war jets from the 80s and 90s. Fly the aircraft in any mission, at any location in the world. Receive orders from the mission director and play to the best of your abilities. Rules: A large, yet minimal, set of rules makes the game extremely smooth to play in a few minutes and perfect to enjoy as long as you wish. Online: All missions are server-driven and player-to-player combat is in order. Online stats: Server stats are shown in the corner of the UI and player stats are shown above the UI to keep a constant comparison between the two players. The combat simulation: Player time-to-kill ratio. Unique mechanics: There are no team and no mission objectives, just one player vs one player. If you do not destroy the opponent's helicopter, the game ends for you. Marking: In order to avoid the game ending in case you or your opponent loses, you can mark your aircraft to automatically respawn after a set time. When you return to the map, the game will keep the game running for as long as you survive. Forum: Sky Knights is built around a multiplayer VRTK thread. Please visit if you have any questions. I don't think I've ever written a review, so I don't know what to expect here. I have a bunch of tools for preparing songs and I tried these, and I must say that they all did what they set out to do.

GuitarSmith worked well, importing songs and then setting the name to match the tunes I was using. However, the document goes from A Major to E Major, so many songs are actually transposed, which ruins my rhythm. I guess we'll have to take that into account when putting in the handy trick.

QuizMaster required all the songs to be transposed up one 'octave' which is as a matter of fact accurate if you're singing.

The one-click conversion is also neat, as it does a very good job of turning a song's rhythm to fit another key. The surprising part (and that's the one I'
