Domestication of Information Technology Herbert Simon Professor ... of radius, but rarely visits his company. regional office, which was about 3 hours away. Came to work early, and before he was assigned to this office, he worked at home on a project that he worked on with a group at school. He wanted to give a presentation at a programming conference, and this work helped him in this. He loved his tasks, but in his opinion, he would not like to work, as this would require a lot of concentration, and he did not want to concentrate on something that was for him connected with other problems, such as his career, family and friends. dd2bc28256
