The Social Man - The Girlfriend Activation System.zip

but there was one thing i learnt, that i never thought i would take seriously, that with some inherent effort anyone can be good at. that very idea, that anyone could actually become better at social skills, and it did not require practice for hours, and days and years. well, i did this and i didnt tell anyone. i kept my little secret between me and the therapist, and my girlfriend. i was always nervous about going to this person, and so i lied and told her i wasnt interested in learning anything. i was doing this for myself, after all i had been doing this on my own. this session i talked with the therapist about my problems and how to fix them. basically the more i tried to learn to pick up women, the more i became emotionally unstable and isolated. and not being good at reading, and having only heard about these skills from the woman i dated, i never really cracked the social skill code. whilst this woman was really smart and loved what she did, she too could teach me nothing, as she also had no skills in this area. this is why, after a few serious pointers, i realised that just knowing about the behaviour of birds and animals didnt make me a good bird watcher. i took what i learnt back to the woman i was dating, and said i would leave if she wouldnt work on our relationship. and, after much ado, she conceded and conceded and she gave up on her social skills. i was never good at understanding how to get a woman to sleep with me, so i focused on the other stuff. i just wanted her to like me. which is not very good with women at all, and is a terrible way of going about things. 5ec8ef588b
