Sadi My name is Tabrez Bokhari and I am a lover of music and modern teen movies. The present invention relates to a clothes washing machine and a separating device thereof, in which liquid mixing occurs in the process of clothes washing. The conventional clothes washing machine is constructed as shown in FIG. 1. That is, a drum 7 is installed in a washing tub 6 so as to be rotated. The drum 7 is rotatably provided at the bottom of the washing tub 6 through a shaft 3 to be connected to a drive device (not shown). In addition, the washing tub 6 is provided on a casing 2. The top of the washing tub 6 is provided with a water inflow opening 8. A water inlet 5 is mounted on the bottom of the casing 2. On the bottom of the washing tub 6, a drain valve 4 is mounted. The drain valve 4 is provided with a filter. Furthermore, on the bottom of the washing tub 6, a detergent box 9 is mounted. The detergent box 9 has water injection ports. Furthermore, on the bottom of the detergent box 9, a detergent opening 10 is mounted. The detergent opening 10 is provided with a detergent box lid. The drum 7 is provided with a plurality of holes 15 at the bottom thereof in the form of a saddle shape to receive water and detergent injected through the water injection ports of the detergent box 9. Therefore, after the washing process is finished, the drain valve 4 is closed to drain the washed water so that the inside of the washing tub 6 is cleaned. The remaining water in the washing tub 6 has the washing operation. In this case, wash water

and detergent are injected through the water injection ports to be mixed in the drum 7. Next, the drum 7 rotates so that the mixed water is prevented from the rotation, and clothes that are injected into the drum 7 are washed. Then, after the washing process is finished, the detergent box lid is removed from the detergent opening 10, and the drain valve is closed to drain the remaining mixed water. However, in the above-mentioned clothes washing machine, since wash water and detergent are injected through a hole, the deter
