Ethics Beyond High School - Academic Ethics and Internet Use Are your ethics at the limits of high school? Are you using the Internet responsibly? On this App you will see an example of some

of the issues in this space. The App will be helpful to you as it presents a collection of ethical questions that deal with ethical issues in the Internet. The answers to these questions, in addition to a discussion of the issues and issues you should consider, are presented for you. This is the first App in a series. This App was written by David L. Blyth, M.Ed. on behalf of the Bureau of Educational Research, Office of Educational Technology (OET), U.S. Dept. of Education. The second App in the series will cover academic integrity and will be released later in 2013. Issues that are covered include: Ethics in researching the Internet Ethics in using the Internet Ethics of using multimedia and other resources How to teach ethical issues to students Other issues such as copyright and privacy It is intended to be used by students and educators as a guide in helping them understand issues of Internet ethics. Do you love to create and share beautiful images? Do you want to customize your camera in a really easy way? I bet you did not know you can do that in just a few minutes. Now, let's face the facts... You are photographer, right? You just did not know it? The only difference between you and a pro is that, you cannot get professional results instantly. Instead of spending thousands of dollars on a costly studio you can make it all happen with only your personal computer. The great thing about these tools is that it is extremely easy to use. In just a few minutes, you can edit any picture and make it the exact way you want. You are going to be amazed by the possibilities. And the best part is that everything you are going to learn is for free. So let's go! Let's start with something really simple. Taking a picture Everyone has a camera in his pocket. They make us take it out when we want to share a funny picture with someone. But it would be more fun if you could do it yourself with just a few clicks. The easiest way to do this is to take a picture. But what about the picture you took? Do you really want to go through all the hassle of deleting, duplicating 2edc1e01e8

## What's New In Flash Website Design?

Flash Website Design is a powerful utility for webmasters who need Flash web pages or websites. This program has all the tools to create Flash pages for all platforms. Create flash pages with style and effects, select from more than 100 templates, import/export to SWF, use popular and default fonts and save your work in SWF format. Many people have lost work due to the death of the New England Patriots' star quarterback Tom Brady. (AP) Three former NHL players won the Stanley Cup in the playoffs this season, with the Stanley Cup Finals to be held on Sunday. This year's Finals are being held between the Pittsburgh Penguins and the defending champions, the Chicago Blackhawks. The Stanley Cup is a series trophy that is awarded to the winner of the Stanley Cup Finals. The Penguins will become the first team to win a Stanley Cup championship on the basis of a sweep. This is the 10th time that the Stanley Cup has been awarded to a team. The NHL's oldest trophy was won by the Boston Bruins in 1946. The three players that won the Stanley Cup this season were Pittsburgh Penguins' forward Sidney Crosby, Chicago Blackhawks' defenseman Duncan Keith and Boston Bruins' forward Patrice Bergeron. The Penguins defeated the Ottawa Senators to win the series, and Bergeron scored a hat trick in the 5-3 victory. He became the first NHL player to score four goals in a game for the Bruins in a 7-1 win over the New York Rangers. Crosby won the Conn Smythe Trophy as the MVP of the playoffs for the Penguins. He has seven goals and 19 assists, totalling in 26 points, over 21 playoff games. He also had the most points among NHL rookies this season, leading the league in points. Keith was named the most valuable defenceman during the playoffs. He had 15 points in 21 playoff games. Bergeron was named the most valuable forward during the playoffs. He scored six goals and five assists, totalling in 11 points, over seven playoff games. You can read the full story on TSN.ca. Team of the year: The Carolina Hurricanes. They won the Southeast Division for the first time in franchise history and made their first appearance in the Stanley Cup playoffs. Carolina won 16 of its last 21 regular-season games and finished third in the Southeast, its best regular-season finish since the 1998-99 season. Carolina didn't lose a playoff game, sweeping the Tampa Bay Lightning in the first round and outlasting the New York Rangers for the conference title. Its 10-2 rout of the Washington Capitals in the Eastern Conference Finals was the Hurricanes' most lopsided win in a best-of-7 playoff series. It was their first playoff series win since beating the New York Islanders in the 2006 Eastern Conference Finals. It was also Carolina's first playoff series win over the Washington Capitals since that season. The Hurricanes

## **System Requirements:**

Linux, Mac OS, or Windows (Win 7/Vista) Intel Pentium 3 (or AMD Athlon) CPU (1.4GHz or faster is recommended) 1024MB RAM (1GB or more is recommended) OpenGL 2.0 (graphics) 3D accelerator card with at least 32MB of VRAM OS Requirements: Mac OS X 10.6.6 or later Windows Vista or later (64-bit) Mac OS X 10.7 or later (64-bit)
