Glossy Orb Icons - Full Set

If you are tired of using the same old icons in the applications you use, or if you want to create a pleasing visual image for your Mac desktop, then this set is for you. The set includes 8 icon themes and 71 high-resolution icons. Designed in the style of iPhone icons, in this small set of images you will find 4 new lock screen wallpapers in 2 different sizes (48x48, 128x128) and 8 more for the home screen, lock screen and the dock. Imaginary Birds 2 - HD - 3645 Icons is a colorful and appealing icon collection you can use to change the ordinary looks of your installed applications. Description: Imaginary Birds is an addictive puzzle game in which you must help a bunch of birds to build their nests and feed their chicks. Your goal is to feed and raise the most birds, while they will become stronger and try to defend the nest. Screenshots Reviews Good, but should be a little more useful 5 By HairLipStick This is a good, free Icon set that is a little lacking in utility. The icons are ok quality, with a lot of variety. But you can't install them to use them. The Mac OS stores its system icons in a directory so there's no need to mess with the directory to make use of the icons. Great Resources 5 By Cherykirkkamoon I like everything about this set. The icons are great and it is a great collection. There is a lot of variety in colors. Cool Set 5 By LemiGrace I have not used this set, but the icons seem good. My only complaint is that there is no easy way to install them. Great icons. 5 By thedot_33 I have used a number of sets over the years. This one by amzon has great icons. They seem to be spaced out well and the concept of a vertical set was well thought out. Love them! Great set 5 By Scooter909 I am currently working on a game for the iPhone, and I wanted an icon set that was a little different. This was a great set. Great for me! 5 By LyleDouglas Awesome set. Makes my life easy.
