Turn up the speed and get ready for some space dogfighting action with Crying Suns! Crying Suns is a multi-stage game that puts you in control of a fleet of starfighters as you win and lose whole missions! Each stage has two goals, a compulsory one and a bonus objective, which opens up the level up as you progress. - Wipe out enemy starfighters to claim extra victory points. - Block incoming enemy attacks and keep your defences up to keep your fleet safe! - Protect your base, keep your fleet alive and steal resources to enhance your starfighters. Sure, you could get a 1.0 or a 2.0 but if you decide to play this game "as is" then it will last a lot longer. None of my favourite things have ever been blue but AG Drive is so damn good that I will live with it - and the soundtrack. I have two words for you. Click next. (Thanks for
