The magnitude 6.5 earthquake that hit the city on Tuesday evening was the strongest to hit Pakistan in more than a decade, according to the United States Geological Survey. It was followed by a magnitude 6.2 earthquake that struck near the city on Wednesday, the agency said. City officials said that about 22 people were killed, more than 100 were injured and about 200 buildings collapsed, including a five-story building that collapsed in the Kokraj 2edc1e01e8
