(A) The department shall establish by regulation the market price per beverage container of 3.2 ounces for any branded beverage product to be purchased by a purchaser registered with the department. When issuing a permit to sell a branded beverage, the department shall add one point for each three-ounce container to the selling price per bottle to be applied to soda beverages, which is not in addition to the price per bottle to be applied to noncarbonated beverages. (B) A seller of a branded beverage shall include in the price per bottle of a branded beverage to be sold to a purchaser registered with the department a one-point addition for each six-ounce beverage container to the bottle or package price of the branded beverage. Each point so added shall be included in the price per bottle to be sold to the department pursuant to subsection (A). (D) Except as provided in subsection (E), for a branded beverage sold pursuant to subsection (A), (B), or (C), the department shall prescribe the unit prices in points of sale of the branded beverage to be sold. The unit price shall not exceed the unit price of a branded beverage sold at the same location during the same period of time.//==-----
