

## Chasing Amy

Later, while Holden has lunch with Jay and Silent Bob, Silent Bob reveals that he once had a relationship similar to Holden's. Though he loved his girlfriend Amy, her past promiscuity made him end the relationship. Later regretting it, he says he has "spent every day since then chasing Amy, so to speak." Later, during a lunch with Jay and Silent Bob, Silent Bob reveals that he was once in a relationship similar to Holden's. Despite the fact that he was in love with his girlfriend, Amy, his insecurities about her adventurous sexual past caused him to sabotage the relationship and leave her. Angry at himself for letting her go, he's spent the rest of his life since then "chasing Amy."

Inspired by Silent Bob's story, Holden devises a plan to fix both his relationship with Alyssa and his fractured friendship with Banky. He invites them both over, and claims that the three of them must have sex with each other. Though initially appalled, Banky agrees to participate, whereas Alyssa breaks up with him on the spot and leaves, stating that though she loves him, she will not be his whore. Relieved he will not have to get involved in a three-way, Banky also leaves.
