# Nekomew's Potty Trouble OST Crack By Razor1911: A Review

Nekomew's Potty Trouble is a popular indie game that features a cute cat girl who has to deal with various toilet-related mishaps. The game has a catchy and upbeat soundtrack that matches the humorous and lighthearted tone of the game. However, some fans may not be able to afford or access the official OST, which is why Razor1911, a notorious cracking group, has released a cracked version of the OST for free download. The cracked OST contains all 12 tracks from the original game, as well as some bonus tracks that are exclusive to the crack. The quality of the audio is decent, and the download link is easy to find on SoundCloud[^1^]. However, there are some drawbacks to using the cracked OST. First of all, it is illegal and unethical to pirate music that belongs to the original creators. Secondly, the cracked OST may contain viruses or malware that could harm your device or compromise your data. Thirdly, the cracked OST may not be compatible with some media players or devices, and may cause glitches or errors. Therefore, while the cracked OST may seem tempting for some fans of Nekomew's Potty Trouble, it is not worth the risk or the guilt. The official OST is available for purchase on Steam or other platforms, and it supports the developers and composers who worked hard to create the game and its music. The official OST also has better quality, compatibility, and security than the cracked OST. If you enjoy Nekomew's Potty Trouble and its soundtrack, you should buy the official OST instead of downloading the cracked version.

**How to buy the official OST of Nekomew's Potty Trouble** If you want to enjoy the music of Nekomew's Potty Trouble legally and safely, you need to buy the official OST from a trusted source. The easiest way to do this is to buy the game and the OST bundle on Steam, which costs \$9.99. This way, you can also play the game and access the OST from your Steam library. You can also buy the OST separately on Steam for \$4.99, if you already have the game or prefer to play it on another platform. Another option is to buy the OST from Bandcamp, which is a platform that supports independent artists and musicians. The OST on Bandcamp costs \$5.00, and you can choose from various formats and quality levels. You can also stream the OST on Bandcamp or download it to your device. Bandcamp also allows you to send the OST as a gift to someone else, or pay more than the minimum price if you want to support the creators more. A third option is to buy the OST from iTunes, which is a popular online music store and media player. The OST on iTunes costs \$9.99, and you can download it to your device or sync it with your iCloud account. You can also listen to the OST on Apple Music, if you have a subscription. iTunes also offers some features such as ratings, reviews, and recommendations for similar music.

**Conclusion** Nekomew's Potty Trouble OST is a fun and catchy soundtrack that complements the game's humorous and lighthearted theme. However, downloading the cracked OST by Razor1911 is not a good idea, as it is illegal, unethical, risky, and inferior to the official OST. If you want to enjoy the music of Nekomew's Potty Trouble, you should buy the official OST from one of the trusted sources mentioned above. By doing so, you will support the creators of the game and the music, and you will also get a better quality, compatibility, and security for your music. Nekomew's Potty Trouble OST is worth buying, not pirating.
