If you feel good being the men in thongs, so be it. Just love every bit of the feeling of having something so comfortable, breathable and supportive down there. **Can towns ban thongs?** The state supreme court in *State v. Tenore*, 280 N.C. 238 (1972), construed G.S. 14-190.9 as it was then written to allow cities and counties to enact ordinances that prohibited lewd conduct not banned by the state statute. The county ordinance challenged in *Tenore* was ruled preempted, however, since it banned

conduct identical to that covered by the state statute. Thus, Tenore indicates that local governments could require people in public places to cover their buttocks. There is serious sex appeal when it comes to men's thongs. After all, thongs provide the right amount of coverage and support, all while revealing more of your abdomen and enhancing the suppleness and contour of your buns and thighs. And, provides great shape to your package. Daily updated sissy blog

Anyhow, just wanted to say fantastic blog! Hello! Someone in my Myspace group shared this site with us so I came to look it over. I'm definitely enjoying the information. I'm bookmarking and will be tweeting this to my followers! Wonderful blog and outstanding style and design. The amount of multisourcing that will surround this online marriage exhibit is a little queer itself. California and national media outlets will be sharing and storing the photos on a blog based out of Indiana. Our Editorial Team will be watching over the site and making sure everything runs smoothly from our home offices in Indiana, Arizona, Florida, Washington DC, and France. In actual fact, the shape and structure of the thong garment is better suited to the enveloping and supporting of substantial external genitalia than most any brief or trunk design. If you are someone who finds themselves constantly requiring adjustment throughout the day, a well-fitting thong might be just what you need to keep everything supported and in place. I'm reposting this post from last summer after an unusual reader request...does anyone know the maker of the fluorescent thongs in this shoot? Ill admit I like this photo shoot, but the thong thing is generally not for me...a jock or some underarmour wins any day...but this isn't about me for once. Can anyone help my reader out with a guess on where to get these skimpy unmentionables? October is National Breast Cancer Awareness Month. Accordingly, during October we come across more than the normal number of pink-ribbon-adorned items that variously give a portion of proceeds to breast cancer research, remind women to conduct breast exams, contain supportive messages for breast cancer survivors, or just sort of, you know, support the existence of boobs and oppose cancer. For instance, Alicia, the moderator of Think Before You Pink, found this thong It should surprise no one that CNN is a "johnny-come-lately" in a long string of media, who have a "seek and destroy" mandate for any conservative white woman; Michelle Bachmann is not the first nor the last. Those who smash her reputation for her opinions on gay people were never going to support her; those who are indifferent to or support her views may continue to view her positively. This is just one more media stooge company with its drooling blogger minions, who have launched a full frontal assault on a white conservative woman. Nobody's mind will be changed with this article; the hornets' nest of pro-gay, liberal, progressive, socialist, wealth redistribution Democrat crazies will get their chain thongs all twisted up in their butt plugs.
