

Time Loader Free Download (v1.0.65) !!TOP!!

[Download](#)

Plenty of mods have already updated to 1.19 already, and we expect many more to be on the way. Please be patient as mod developers dedicate some of their free time to updating their mods to this new version. On submarines, the reloading of torpedoes depends on the number of bow and stern loaders. For example, *Salmon* has two bow and stern loaders, and so can only reload two torpedoes at a time for each group.
