EarMaster Pro 6: The Ultimate Ear Training Software for Mac

EarMaster Pro 6 is a powerful and comprehensive software that will help you improve your musical skills and become a better musician. Whether you are a beginner or an advanced student, EarMaster Pro 6 will challenge your ears with thousands of exercises covering ear training, sight-singing, rhythm training, jazz harmony, swing and more. With EarMaster Pro 6, you can:

- Learn to recognize, transcribe and sing melodies, scales, chords, intervals, chord progressions and rhythms.
- Practice sight-singing with real-time feedback of your pitch and rhythm accuracy.
- Train your vocal skills with vocalizes, scale singing, interval singing and more.
- Prepare for RCM Voice exams from Preparatory Level to Level 8.
- Customize the exercises to suit your needs and preferences.
- Answer questions with multiple-choice buttons, the notation staff, on-screen piano, guitar, bass, violin, cello, mandolin, solfege syllables, scale degrees and more.
- Use a microphone to sing or play your answers in real-time.
- Use a MIDI keyboard to play your answers and control the functions of EarMaster remotely.
- Enjoy over a hundred instrument sounds sampled from real instruments.

EarMaster Pro 6 is compatible with Mac OS X 10.7 or later. You can download a free version from the developer's website^[1] or buy the full version for \$96.55. You can also watch a video tutorial on how to install EarMaster Pro 6 on YouTube^[3]. If you are looking for a torrent download of EarMaster Pro 6 for Mac, you might find some links on Kit.co^[4], but we do not recommend downloading software from untrusted sources as it may contain viruses or malware. If you want to become an excellent musician with a well-trained ear, EarMaster Pro 6 is the software for you. Download it today and start your musical journey! EarMaster Pro 6 is based on the proven pedagogical method of EarMaster, which has been used by thousands of music teachers, hobby musicians and music students in most countries for many years. EarMaster Pro 6 is designed to meet the needs of all levels of tuition, from beginners to advanced students. You can choose from over 2500 exercises that cover all the essential aspects of music theory and ear training, or create your

own custom exercises to focus on specific topics or skills. EarMaster Pro 6 also includes a Jazz Ear Training workshop that will teach you how to recognize and play swing rhythms, jazz chords and sight-sing jazz standards. You can also access a Vocal Trainer that will help you improve your vocal range, tone and technique with 200 exercises for singers. If you are preparing for RCM Voice exams, you can use the RCM Voice course that will guide you through the requirements of each level and provide you with feedback and tips. EarMaster Pro 6 is not only a software, but also a learning companion that will motivate you and track your progress. You can view detailed statistics of your performance and achievements, and earn badges and certificates as you complete the exercises. You can also share your results with your teacher or friends via email or social media. EarMaster Pro 6 will make ear training and sight-singing fun and rewarding!
