The road test scheduling system offers the earliest available dates and times at sites near the ZIP code you provide. Usually, the earliest date is within 3 to 5 weeks, but at peak testing periods during summer and school breaks it may be up to 10 weeks away. There are no waiting lists. Tests are almost always on weekdays (only rarely do we offer them on a Saturday). Brownfield sites are any real property where a contaminant is present at levels exceeding the soil cleanup objectives or other health-based or environmental standards, criteria or guidance adopted by DEC that are applicable based on the reasonably anticipated use of the property, **except**: All parties must sign a Brownfield Cleanup Agreement (BCA), whereby the Applicant makes a **commitment to undertake remedial activities under DEC's oversight**. The obligations of an Applicant under a BCA depend upon whether the Applicant is accepted into the BCP as either a Volunteer or a Participant (See 6 NYCRR Part 375-3.2) ([link leaves DEC](#)). A **Volunteer** is an applicant who is not liable for disposal of hazardous waste or discharge of petroleum at the site. A **Participant** is an applicant who was an owner or operator of the site at the time of disposal of hazardous waste or discharge of petroleum at the site, or who otherwise failed to take reasonable care to stop continuing releases or prevent further releases. See Brownfield Cleanup Agreements.

Zoom Tan is America's fastest growing UV and Spray Tanning Salon Chain. We currently have locations spread across Florida, New York, Georgia and Pennsylvania. We offer our clients many easy to manage pricing options to meet all tanning needs. If you're looking for a one time spray for that special occasion, or if you want to keep your summer glow all through winter, then Zoom Tan is the place to be. We do not believe in locking clients into long-term contracts because we know that our product is so good you won't ever want to go anywhere else. We took our cat here for a second opinion, and we loved it here! The staff was very

friendly and informative. The last vet we went to charged us \$800 for multiple tests and medications, and we didn't get any answers to what was wrong...we went to Ken-ton and the doctor was able to tell us what was wrong in one visit and for A LOT cheaper. I would definitely recommend them to anyone and we will definitely be going back! Daytime monthly parking is available at our KeyBank Center and LECOM Harborcenter parking ramp and KeyBank Center surface lots. Contact our offices at (716) 855-4500 or at KeyBankCenterParking@sabres.com for more information, or [opens in a new window click here to apply now!](#) This place is great! I called in late in the day with a tractor emergency, and Gary got me right in and did everything he could to help me get fixed up and running so I could meet my deadline. They definitely go the extra mile here. Absolutely recommend. After paying exorbitant fees to the company where we bought a treadmill to repair pedals they welded them for such a reasonable fee and they are perfect! I will recommend them to all of my friends who have this equipment and I will call them first if I need other welding needs.
