How to Convert HD Videos with ImTOO HD Video Converter

If you are looking for a powerful and easy-to-use software to convert your HD videos to various formats, you may want to try ImTOO HD Video Converter. This software can convert HD videos such as H.264/MPEG-4 AVC, H.265/HEVC, AVCHD, MKV, HD WMV, and more to other popular video formats such as MP4, AVI, MOV, FLV, etc. It can also extract audio from videos and convert audio formats. One of the key features of ImTOO HD Video Converter is that it can create 3D videos from normal videos. You can choose from different 3D modes such as Anaglyph, Side by Side, Top and Bottom, and adjust the 3D depth and angle. You can also preview the 3D effect before converting. To use ImTOO HD Video Converter, you need to have a serial key that can activate the full version of the software. You can get the serial key from the official website of ImTOO or from other sources such as LAXiTY. LAXiTY is a group that releases cracked software and serial keys for various applications. However, using LAXiTY serial keys may not be safe or legal, so you should be careful and use them at your own risk. Here are the steps to convert HD videos with ImTOO HD Video Converter using a LAXiTY serial key:

1. Download and install ImTOO HD Video Converter from <http://www.imtoo.com/hd-video-converter.html>.
2. Run the software and click on "Enter License Code" at the bottom right corner.
3. Enter the LAXiTY serial key that matches the version of the software you have installed. For example, if you have installed version 7.3.0.20120529, you can use this serial key:
5F9E-5F9E-5F9E-5F9E-5F9E-5F9E-5F9E-5F9E.
4. Click on "OK" and restart the software.
5. Add the HD videos you want to convert by clicking on "Add File" or dragging and dropping them into the interface.
6. Select the output format and destination folder for each video or for all videos at once.
7. If you want to create 3D videos, click on "3D" and choose the 3D mode and settings.
8. Click on "Convert" to start the conversion process.
9. Enjoy your converted videos!
