

House Of The Dragon S01E09.mp4 NEW!

In the trailer for House of the Dragon episode 10, **The Black Queen**, we open with Princess Rhaenys Targaryen (Eve Best) flying her dragon Meleys to Dragonstone after escaping King's Landing and the coronation of King Aegon II Targaryen (Tom Glynn-Carney). Jacaerys and his younger brother Prince Lucerys Velaryon (Elliot Grihault) are then shown running towards their dragons, while a shot of Prince Aemond Targaryen's (Ewan Mitchell) dragon Vhagar is shown. While some stayed behind to quash rumors of a coup, two groups headed for Flea Bottom to find Aegon to conduct a hasty coronation ceremony before the dragon doo-doo hits the fan. Allegiances were forced, a murder occurred, and bare feet were coveted. Yes, HBO blessed us with a rip-roaring Season 1 finale trailer that perfectly sets the stage for a bloody clash between the Greens and the Blacks. In the trailer, Rhaenys warns Rhaenyra and Daemon that the Hightowers are coming for their children. At the same time, Ser Erryk pleads loyalty to the Princess, savage dragons stir, siege mentalities set in, vengeance is avowed, and sharp swords get sharper.
